

PMR

Review Question	Response
What was the purpose of your program?	Tell the user about me.
How could your program be useful in the real world?	It could be a way to introduce people to other people.
What is a problem you ran into and how did you fix it?	Didn't run into any issues.
Describe one thing you would do differently the next time you write a program.	Use less lines.

CODE

```
def main():  
    print("All about Me")  
    print("My name is Jonathan Meyer")  
    print("I am a full-stack developer fluent in Java, PY, JS, HTML, CSS.")  
    print("I have been programming for 5 years.")  
    print("I nmy programing journy i started out with Java making discord bots  
and minecraft plugins. Then i made an application with Python. Thenk moved to JS,  
HTML, and CSS making several websites and applications.")  
  
main()
```
